### ORACLE EMAIL SENT TO STAFF

Some of you may have received an e-mail during the past few days with this heading “**Oracle Fusion Applications Welcome E-mail**”.

Visions, our SUNFin implementation partner, was busy with a configuration exercise which involved setting up different users on the development environment of SU’s new financial system - SUNFin. Unfortunately, during this setup, these e-mails were mistakenly sent to some of you.

We apologise for any confusion and inconvenience that this may have caused, especially given all the spam e-mails we are receiving these days. Rest assured that this was not spamming and that you can **safely ignore and delete the e-mail you might have received**.

Visions have assured us that they will rectify the sending of these e-mails as they continue to configure our SUNFin system.

Please email [sunfin@sun.ac.za](mailto:sunfin@sun.ac.za) if you have any questions or comments regarding the SUNFin project. Please visit [www.sun.ac.za/sunfin](http://www.sun.ac.za/sunfin) for more information regarding the project.
