## INFORMATION TECHNOLOGY

---

### SKYPE NOW MORE LIMITED

*Microsoft will no longer use TLS 1.0 and 1.1 after 15 October 2020 and that security.*

*From 15 October, Skype for Business will no longer show your Free/Busy presence in your address book.*

***collaboration and chat features which were previously available in***

*Skype for Business. Users who have a business phone number (e.g. Office 365 Business Phone System) for their office phone number will still have to use Skype for Business to make (Cell phone) calls. This functionality will be moved to Teams as soon as possible. For more information, see [this link](#).*
