

Tablet Specifications and Review

	Lenovo S5000	
	OS: Android v4.2(Jelly Bean) upgradable to v4.3 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB
	CPU: Quad-core 1.2 GHz Cortex-A7	Data: Wi-Fi, 3G, BT
	Display: 1280 x 800 pixels, 7.0 inches	Camera: Rear 5MP, Front 1.6MP
	Memory: 16 GB, 1 GB RAM	Size: 190.5 x 116.8 x 7.6 mm
	Up to 8hrs Battery Life	
<p>Measuring just 7.9 mm, the S5000 is one of the slimmest tablets in the market. It weighs in at just 246 grams, nearly one-fifth lighter than many of the premium tablets being sold today. Inside this thin and light frame resides plenty of Processing power, starting with a seven-inch 1280x800 resolution, 350 brightness and full HD wide-viewing angle display to make it easy to share photos and videos with family and friends.</p>		

	Lenovo S6000	
	OS: Android OS, v4.2.2 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB
	CPU: Quad-core 1.2 GHz Cortex-A7	Data: Wi-Fi, BT
	Display: 1280 x 800 pixels, 10.1 inches	Camera: Rear 5MP, Front VGA
	Memory: 16/32 GB, 1 GB RAM	Size: 259.1 x 180.3 x 7.6 mm
	Up to 8hrs Battery Life	
<p>In the hand the tablet feels fairly light. It weighs in at 560g which is less than an iPad, but then the plasticky finish is part of the reason for this. The build quality's not too bad - the rear is subtly textured so it sits well in the hand, and it didn't feel too hot to the touch either. Camera-wise there's a 5-megapixel rear and 0.5-megapixel front-facing sensor which will be useful for those face-to-face calls via 3G</p>		

	Lenovo A3000	
	OS: Android OS, v4.1 (Jelly Bean), upgradable to v4.2 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB
	CPU: Quad-core 1.2 GHz Cortex-A7	Data: Wi-Fi, 3G, BT
	Display: 600 x 1024 pixels, 7.0 inches	Camera: Rear 5MP, Front VGA
	Memory: 16 GB, 1 GB RAM	Size: 194 x 120 x 11 mm
	Up to 8hrs Battery Life	
<p>The IdeaTab A3000's HD display offers a clear and colourful viewing experience whether indoors or outside. The in-plane switching (IPS) screen delivers a wide viewing angle, perfect for sharing content with friends in groups. High-performance tablet that's portable enough to slip in your jacket pocket. The A3000's quad-core CPU means it's ultra-responsive, its bright IPS screen ensures better viewing angles and brighter images and its lightweight design makes it easy to carry everywhere.</p>		

	Lenovo Yoga B8000	
	OS: Android v4.2(Jelly Bean)	Micro SD(Up to 64GB), Micro USB
	CPU: Quad-core 1.2 GHz Cortex-A7	Data: Wi-Fi, 3G, BT
	Display: 1280 x 800 pixels, 10.1 inches	Camera: Rear 5MP, Front 1.6MP
	Memory: 16GB/32GB, 1 GB RAM	Size: 261 x 180 x 8.1 mm
	Up to 18hrs Battery Life	
<p>Excellent back and front camera, with limited zoom capabilities. The kickstand is a wonderful feature when skyping or watching a video but has its cons when typing on a flat surface, the unit is not stable. Battery life is good.</p>		

	Lenovo Miix 2	
	OS: Windows 8.1	Micro SD(Up to 32GB), Micro USB
	CPU: Intel Atom Z3740, 1.33-1.86GHz	Data: Wi-Fi, BT, No 3G
	Display: 1280 x 800 pixels, 8.0 inches	Camera: Rear 5MP, Front 2MP
	Memory: 32-64GB SSD, 2GB Ram	Size: 214.9 x 131.8 x 7.9 mm
	Up to 7hrs Battery Life	
<p>The Miix2 is a cut above, Solid performance, perfect device for windows 8 OS, The docking system is great with its tablet first design and sleek plastic finish. Nice sharp corners make it look cutting edge...literally. The battery life Will last through an entire Working day, The plastic finish feels solid but scratches easily out of a case, Very sharp sounding JBL speakers and a "sub" when in entertainment mode.</p>		

	Asus T100TA	
	OS: Windows 8.1	Micro SD(Up to 64GB), Micro USB
	CPU: Intel Atom Bay Trail-T Z3740, 1.86 GHz	Data: Wi-Fi, 3G, BT
	Display: 1366 x 768 pixels, 7.0 inches	Camera: Rear 5MP, Front 1.2MP
	Memory: 32/64 GB, 2 GB RAM	Size: 264 x 170 x 10 mm
	Up to 11hrs Battery Life	
<p>Best value for money in regards to Windows 8 OS tablet including keyboard which gives it great versatility, keyboard can be easily removed, and you get an IPS panel, great battery life and modern Wi-Fi all in a package that can work as both a notebook and a tablet. The system is responsive and predictable in its performance thanks to the use of solid state storage.</p>		

Proline B1005 10.1"

OS: Android	Micro SD(Up to 32GB), Micro USB, Mini HDMI
CPU: 1.0Ghz Dual Core	Data: Wi-Fi, BT
Display: 1024 x 600 pixels, 10.1 inches	Camera: Rear 2MP, Front 0.3MP
Memory: 8GB Storage	Size: 252 x 165 x 11.2mm
Up to 11hrs Battery Life	

The new Proline B1005 Dual Core Android 10.1" tablet is a little beast! Running on Jelly Bean, everything about this little monster feels fast, fluid, and smooth. Moving between home screens and switching between apps is effortless and performance throughout the system is just phenomenal. Very affordable, and super stylish, your search for a new tablet may as well end right here.

Proline L10A1G

OS: Android 4.2 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB, Mini HDMI
CPU: 1.6Ghz Quad Core	Data: Wi-Fi, 3G, BT
Display: 1280 x 800 pixels	Camera: Rear 2MP, Front 0.3MP
Memory: 16/32 GB, 1 GB RAM	Size: 252 x 165 x 9.9mm
Up to 6hrs Battery Life	

Great tablet running on a Rockchip RK3188 chipset. Performance isn't perfect, but it's great for the price. Scores 20000+ on Antutu Benchmark. The battery easily lasts for 15+ hours with light to medium usage. Good build quality. The touchscreen could've been a bit more sensitive, but overall a good screen. Camera quality isn't very good, but good enough for Skype calls, etc. It does have an LED flash as well.

Samsung Tab 2 7.0" (WiFi)

OS: Android OS. v4.0.3 (Ice Cream Sandwich), v4.1.1, upgradable to v4.2.2 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB
CPU: Dual Core 1GHz Cortex A9	Data: Wi-Fi, BT
Display: 1024x600 pixels, 7.0 inches	Camera: Rear 3.15MP, Front VGA
Memory: 8/16/32 GB storage, 1 GB RAM	Size: 193.7mm x 122.4mm x 10.5mm
Up to 93hrs Battery Life	

GALAXY Tab 2 (7.0) unites communication, multimedia and web functionality in one easy, endlessly entertaining personal tablet. Powered by Android OS, Ice Cream Sandwich. GALAXY Tab 2 introduces new technologies and evolved UI through unique features like Face Unlock and the latest TouchWiz. It maintains light-weight and slimness for high portability. It is connected to various network providers for best performance in application use, wireless web access, faster data transmissions and seamless multimedia consumption.

	Samsung Note 8	
	OS: Android OS, v4.1.2	Micro SD(Up to 64GB), Micro USB
	CPU: Quad-core 1.6 GHz Cortex-A9	Data: Wi-Fi, BT, 3G, Infrared
	Display: 800 x 1280 pixels, 8.0 inches	Camera: Rear 5MP, Front 1.3MP
	Memory: 16/32 GB storage, 2 GB RAM	Size: 210.8 x 135.9 x 8 mm
	Up to 28hrs Battery Life	
<p>The Samsung Galaxy Note 8.0 is an 8-inch Android tablet by Samsung with S Pen functionality. It features a 1,280 x 800-pixel TFT screen, powered by a quad-core 1.6GHz processor, all running on Android 4.1.2. Its most notable features are the extremely thin body, expandable storage and light weight. It comes in a 3G or Wi-Fi version.</p>		

	Samsung Tab 3 7.0"	
	OS: Android OS, v4.1.2 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB
	CPU: Dual-core 1.2 GHz Cortex-A9	Data: Wi-Fi, BT
	Display: 600 x 1024 pixels, 7.0 inches	Camera: Rear 3.15MP, Front 1.3MP
	Memory: 8/16 GB storage, 1 GB RAM	Size: 188 x 111.1 x 9.9 mm
	Up to 8hrs Battery Life	
<p>The Galaxy Tab 3 7.0 hardly seems like much of an upgrade over the Galaxy Tab 2 7.0. The tablet is powered by a 1.2GHz dual core processor compared to the previous 1GHz processor and has the same 1GB of RAM. It even includes the same 3-megapixel rear camera, though the front-facing camera has been upgraded from VGA to a slightly more respectable 1.3-megapixels, The Galaxy Tab 3 7.0 comes with the 4.1 Jelly Bean version of Android and once again runs Samsung's TouchWiz overlay on top. The usual array of Samsung apps and services are all included.</p>		

	Samsung Tab 3, 10.1"	
	OS: Android OS, v4.2.2 (Jelly Bean)	Micro SD(Up to 64GB), Micro USB
	CPU: Dual-core 1.6 GHz	Data: Wi-Fi, BT
	Display: 1280 x 800 pixels, 10.1 inches	Camera: Rear 3.15MP, Front 1.3MP
	Memory: 16/32 GB, 1 GB RAM	Size: 243.1 x 176.1 x 8 mm
	Up to 9hrs Battery Life	
<p>The Samsung Galaxy Tab 3 10.1 is ideal for all your family entertainment and more. With an expansive 10.1" WXGA display and enhanced SoundAlive audio, you can enjoy all kinds of multimedia at its best. This addition to the Galaxy Tab range is also easy to carry and comfortable to hold, thanks to even slimmer and lighter design. It's powerful, portable and perfect for your home.</p>
