Engineering Winterweek

About us

Winterweek aims to give high-school learners a glimpse into the life of an engineering student at Stellenbosch as well as the engineering profession.

What you can expect

- Visits to various engineering companies
- Inspiring introductory undergraduate lectures
- Tours of the faculty and all its departments, as well as the Stellenbosch campus
- A group project focused on engineering concepts
- Accommodation in a residence on campus
- Three nutritious meals per day

Dates:

28 June to 3 July 2026

Requirements:

Only grade 11 and 12 learners will be accepted. Acceptance is based purely on academic merit.

Accommodation & Meals:

Will be provided. Dietary requirements will be catered for.

Travel :

Pick-up & drop-off opportunities available from Cape Town International Airport

Visit our website for more information about costs
