

Tutoriaal / Tutorial C176

Huiswerk / Homework

Chemie / Chemistry 176

Tut #:	Groepnommer / Group number: (Groep 3, Subgroep 7: 3.7 / Group 1, Subgroep 4: 1.4)	Datum / Date:
---------------	---	----------------------

Netheid / Neatness: [0, 1, 2 of /or 3]

Betyds / Timeous: [0 of /or 3]

Vraag stel A / Question set A

Vraag stel B / Question set B

Vraag stel C / Question set C

Totaal / Total

Groeplede naam, van en studentenommer. Die persoon wat vraag A gedoen het se naam kom by A, dieselfde geld vir wie vrae B en C ontvang het. Kram die vrae in alfabetiese en chronologiese volgorde aan die buiteblad vas. As die subgroep **amptelik** uit net twee lede bestaan, plaas N.V.T. in die derde lid se blokke. Indien 'n derde lid afwesig is, los die betrokke blokke oop. Géén herskryf óf kopiëring van materiaal word in die tutoriaal lokaal toegelaat voordat al die geskryfte nie gekram en vir merk ingehandig is nie.

Group members' name, surname and student number. The person that did question A places her/his name next to A, same applies to those that received questions B or C. Staple the question sets in alphabetical and chronological order to the cover sheet. If a subgroup **officially** consists of only two members, write N/A in the third member's blocks. Leave the relevant blocks open if a member is absent. No copying or rewriting of material is allowed in the tutorial venue before all the scripts had been handed in for grading.
